Point based visa system in UK

For people from foreign countries who wish to work in UK or study in UK, applying for the visa is the first step to do. However, in UK the system of visa is point based. There is a total of five tier points-based system where each and every tier is divided in different categories for various kinds of visa applications. To be eligible for any of the five-tier visa, you need to pass the point-based evaluation. You are given various points depending on your age, qualifications, income, language, funds and so on.

Below given are the basis and the points that you may get

- **Age-** your age can bag you 5 to 20 points. Younger people score more than older ones.
- **Qualifications-** you can score either 30 to 50 points or 5 to 15 points depending up on the education level that is assessing you.
- **English language-** one scores 10 points for ability in english language.
- **Income-** depending up on your earnings and income, you can either get 15 to 45 points or 5 to 20 points.
- **UK experience-** some tiers even give you 5 points if you have had any experiences in UK.
- **Certificate of sponsorship cos-** this criterion gets you between 30 to 50 points.
